LITTLE BEAVER MARKET EXPANDS

Little Beaver Inc. announces the appointment of three new foreign distributors. Uniquip Canada, of Quebec, is a full line distributor and one of the largest suppliers to the Canadian rental market. Tian Gan Yuan Trading Co. Ltd, with headquarters in Beijing, PRC, is a supplier to the oil exploration and production markets in China. ACR Comercial Ltda of Amparo, SP. Brazil, is a new company focusing on the importation and distribution of construction equipment in South America.

These appointments are a result of Little Beaver's continuing efforts to expand their international markets, which also include Europe, Japan and Australia. "We welcome the opportunity to partner with these quality distributors and look forward to a long and successful working relationship," stated Joe Haynes, President of Little Beaver.

Located in Livingston, Texas, Little Beaver is a leading manufacturer of one-man earth drills featuring the patented torque tube, augers, and the Kwik-Trench line of earth saws. For more information, call 800-227-7515 or visit their website at www.littlebeaver.com.
